In un Mondo ricco di incertezze cerchiamo rifugio nella speranza del **colore**.
Tonalità avvolgenti, fatte di sfumature che ricordano la natura nelle sue nuance più delicate, **come se le pareti del nostro spazio privato potessero raccoglierci in un soffice abbraccio**. Da questa ricerca nasce la palette **Colori dell'India**, un insieme di nuance dalle tonalità speziate.

In a world full of uncertainty, we are constantly seeking refuge in the hope of **colour**.
Warm tones, made up of shades reminiscent of nature in its most delicate hues, **as if the walls of our private space could envelop us in a soft embrace**. This search gave rise to the **Colori dell'India** palette, a collection of shades with spicy tones.

Dans un monde marqué par l'incertitude, notre refuge est l'espoir que nous communiquons le monde des **couleurs**.
Avec leurs tonalités enveloppantes, riches en nuances évoquant la nature dans ses manifestations les plus délicates, **on l'impression que les murs de notre intérieur nous accueillent dans une douce étreinte**. De cette recherche est née la palette **Colori dell'India**, une palette de nuances aux teintes épicées.

In einer Welt voller Ungewissheit suchen wir Zuflucht in der Hoffnung, die uns **Farben** schenken.
Es sind einhüllende Töne aus Nuancen, die an die zartesten Schattierungen der Natur erinnern – **so, als ob die Wände unserer privaten Rückzugsorte uns in eine sanfte Umarmung hüllen könnten**. Aus dieser Inspiration heraus entstand die Palette **Colori dell'India** – eine Komposition aus Nuancen in warmen, würzigen Tönen.

En un mundo lleno de incertidumbres, buscamos refugio en la esperanza del **color**.
Tonos envolventes, compuestos por matices que recuerdan a la naturaleza en sus tonalidades más delicadas, **como si las paredes de su espacio privado pudieran acogerlos en un cálido abrazo**. De esta búsqueda nace la paleta **Colori dell'India**, un universo de matices con tonos especiados.

Într-o lume plină de incertitudini, căutăm refugiu în speranța **culorii**.
Tonalități învăluitoare, compuse din nuanțe care amintesc de cele mai delicate culori ale naturii, **ca și cum pereții spațiului nostru privat ne-ar putea cuprinde într-o îmbrățișare caldă**. Din această năzuință se naște paletarul **Colori dell'India**, o serie de nuanțe cu note picante.

Σε έναν Κόσμο γεμάτο αβεβαιότητες αναζητούμε καταφύγιο στην ελπίδα του **χρώματος**.
Αποχρώσεις που μας αγκαλιάζουν, φτιαγμένες από διαβαθμίσεις που θυμίζουν τη φύση στις πιο λεπτές αποχρώσεις της, **σαν οι τοίχοι του ιδιωτικού μας χώρου να μπορούν να μας τυλίξουν σε μια απαλή αγκαλιά**. Από αυτή την αναζήτηση γεννιέται η παλέτα **Colori dell'India**, ένα σύνολο αποχρώσεων με πικάντικους τόνους.
